WIDE WORLD OF SPORTS

BUY LIKE A BUTTERFLY, HODL LIKE A BEE

The DD hasn't changed. You've been hodling for this long, so what's a little longer. The latest drama with the moderators of SuperStonk should not affect any ape's strategy or shake simian confidence in the incredible turn around underway at GameStop. The threat of witchcraft isn't enough to make anyone paperhand those shares from their diamond hands. This sub is just one way that apes communicate and share ideas with each other. Review your protocols in the event of the activation of the SupersStonk Emergency Broadcast System or of a full sub shut down. Save the important guides you will need offline. Protect your passwords. Secure your accounts. Each of these moments is further diamond hand training and it appears apes are ready.
